GENERAL PROFILE: DEPARTMENT OF ENGLISH

Profile of the Department: The Department of English is one of prestigious Departments that came into being with the inception of the college itself in 1946. Since then, the department has been adorned by several gems like Prof Illa Mullick, Dr Farida Kalim, Dr Zaira Kalim, Dr Manju

Rani Sinha, Dr. Rashmi Zafar, Dr Rekha Jha. In 2009 the baton was passed on to Dr Kamlesh Kumari who headed the Department till July 2015. Dr. Archana Jaiswal is the Head of Department at present. Since its inception the Department has been incessantly striving towards the all round development of the students with a missionary zeal. Recognising the global importance of English the Deptt. aims at the enhancement of all the four skills L., S, R, W. To reach the target, not only the students but the teachers also try to improve & enrich themselves. They attend seminars & conferences regularly and present papers. They are engaged in publications & research work. For the inculcation and enhancement of language of the students several Activities are organized by the Deptt. Recently the department has started Language Proficiency Course.

VISION: The Department aims at:

- a) enhancing the language ability of the students in the department and the feel for literature
- b) Producing rankers in the university list
- c) All round personality development of the students so that they can meet the challenging demands of life & be the successful responsible citizens of the nation.

GENERAL PROFILE: DEPARTMENT OF BOTANY

1. **Profile of the Department:** Department of Botany was established in 1966; teaching of Honours course was started in 1977 and is continuously producing excellent result scoring top positions in university. Biotechnology and Bioinformatics has emerged as a major thrust in the field of science and technology.

The vision of the department is “to be a top level eco-friendly science department that fosters innovations and promotes knowledge based citizens in the society.”

In the current era of development emergence of Biotechnology and Bioinformatics at forefront of science and technology, Botany has become the most important discipline with the advancement in molecular biology, cell biology, molecular genetics, microbiology and biotechnology. For the practical classes of regular courses as per new UGC syllabus and project work establishment of well-equipped modern laboratory with all facilities to meet the academic necessities.

Students of Botany department always made a record by outstanding performance in university result and extra-curricular activities. In future course of time if they are being facilitated more with modern technologies and opportunities they are going to excel with outstanding performances as world level group of research scientists.

Department has its own **departmental library** in which about **1800 reference books** including encyclopedia, key books journals etc. are available for students.

There are two laboratories and one research laboratory in the department which is equipped with practical apparatus like **research microscope with camera attachment, student’s microscope, autoclave, hot air oven, deep freezer, refrigerator, microwave oven, BOD, laminar air flow chamber**, various glass wares, chemicals and student’s locker etc.

Faculty members and students of department of Botany has always been active in procuring and maintaining the campus of the college by their **eco-friendly efforts** like plantation programmes, debates, Nukkad- Natak, slogan, poster, model competitions, interactive sessions based on health and environmental issues.

Department of Botany owes a **“Herbal Garden”** near hostel no.1 in the campus which has been developed by growing various exotic plant species with amazing medicinal and economic importance. It also contains a pond which is filled with flourishing hydrophytes. Gardener along with the help of course students maintains the garden. In future course we are looking forward to develop another garden as a **“Green Zone”** where **Organic farming** can be practiced with the latest tools (shopper 52, Falcon FGBT, advanced gardening tool kit) and techniques.

Botany Department is also working towards developing **“Bonsai Centre”** of various angiospermic plants which are at the verge of extinction, so that it can add up to generate a **data bank of living fossils centre in our state.**

Department of Botany also procures “**Green Earth Brigade**” which has been started by Prof. Asha Singh in long back 1994-95 It takes care of the environmental aspects of the college and surrounding societies. Member students along with faculty members organize programmes on the occasion of Earth day, Ozone day, science day etc. They also participate in various activities like awareness programmes related to cleanliness, greenery, beautification of campus through plantation of ornamental plants, project works, generating data regarding flora of Magadh Mahila College etc.

Every year In the month of January and December **departmental tour** as well as **Environmental trip** is being organised in which local vegetational areas, Farms, Research Labs, Different climatic zones or states are being visited by students, staffs and faculty members.

Department of Botany also possesses a research laboratory apart from two laboratories in which students and research scholar do their lab work. The infrastructure of research lab is required to get developed into a well-equipped lab with more advance equipment, chemicals and safety measures so that more research work can be carried out smoothly and safely.

Department is also looking forward to start **Add-on courses** in **Industrial Floriculture and landscape gardening, Tissue culture, Environmental auditing.** To fulfill the vision of the department faculty members, staff members and students enrolled, work hard with cooperation and perfection under the encouragement of the head of the institution.

Kumari Suman COLLEGE SPORTS CHAMPION 2015 with the teachers of Botany Department

GENERAL PROFILE: DEPARTMENT OF CHEMISTRY

1. Profile of the Department: The Department of Chemistry in the college was started in 1948 with introduction of the Intermediate Education in Science, first time for the Girls of Bihar. **B.Sc. Honours** teaching in chemistry was started from the **1976 – 78** session. It was a prestigious achievement of the department that all top seven positions were occupied by our students only. In **1984**, the **Postgraduate teaching in chemistry** was started by the permission of Bihar Govt. and since then, the department is proud of its students with their good achievements. The teachers of the department are actively engaged in research work as is evident from the list of publications in standard journals and production of PhD holder students. All the six teachers of

this department are PhD degree holders and are engaged in research work. **U.G.C. had granted six** Minor Research Projects with their principal investigators being Prof. (Dr.) Rani Azad, Prof. (Dr) Basabi Mahapatra and Dr. (Mrs.) Bina Rani and those were completed / running successfully. One Major Research Project is going on under Prof. (Dr.) Rani Azad.

The Department of Chemistry, Magadh Mahila College, Patna University is proud of being the first in the country to introduce a new course of Herbal Chemistry at M.Sc. level which was granted by U.G.C. under its Innovative Programme in 2008 for twenty students. Seven batches have already passed out successfully. Recently the department has received permission from AYUSH, Delhi for the training of Four P.G. Students of Herbal Chemistry for their better job-skills in Pharmacopoeial Laboratory for Indian Medicine of Homeopathy, Ghaziabad. This will improve the job-opportunities for the students of this new course.

The department has improved its laboratories with help of **UGC** and **CPE** grants equipped with modern equipments like U.V. HPLC, Rotavapour, Flame Photometer, Photo Fluorometer, BOD Incubator, Plant Growth Chamber etc.

The department regularly organizes the important activities:

a. Celebration of International Year of Chemistry 2011

- i. Inter-institutional Competition - Poster Competition on Contribution of any Nobel Laureate to Chemistry on dated 13.12.2011
 - ii. Inter –Institutional Competition - Speech contest on Green Chemistry: Key to life on dated 05.12.2011
 - iii. Inter-Institutional Competition - Multimedia presentation : Chemistry-our life Our Future
 - iv. Essay writing competition: Consumer Chemistry and its Chemical Fall-out on dated 08.11.2011
 - v. The Workshop on **“Chemistry: The Elixir of life”** was held on 02.12.2011
 - vi. National Symposium on **“Green Chemistry: Key to life** held on 13.12.2011
- b. **UGC sponsored National Seminar** on **“Chemistry is Life”** on February 23-24, 2012.
- c. Health camp under CPE Scheme on **“Management of Osteoporosis”** under CPE Scheme on 8 & 10th May 2013.
- d. Guest Lectures on **“Save Environment”** on August 17-18, 2013 under CPE Scheme.
- e. **UGC Sponsored Second Winter School** on **“Quality Improvement in Higher Education through NAAC Accreditation”** on 16th Jan – 5th Feb. 2015.
- f. Extension activities for Training on Experimental Chemistry for School children under CPE extension activities on September 24-25, 2013.
- g. Guest Lecture on **“The Psycho-chemistry of Pollutants: Effects of Chemicals on Human Health and Behaviour”** on March 27, 2013.
- h. **UGC Sponsored National Seminar** on **“Environmental Pollutant Safety Measure and Management”** on December 5-6, 2015.
- i. **“Chemistry Exhibition on Chemical Wonders”** on February 27, 2016.

The students regularly attend the training programme, seminar, workshop etc. They also worked for Research Projects under CPE with the guidance of teachers.

Our mission is produced scientist who will serve the society and nation

The vision of the department is to establish modern laboratories with latest equipments and support of trends technical assistant.

The field trips of students can be organized to actual industries for the practical knowledge in the work place. They can be taken to the reputed laboratories to know the use of their theoretical knowledge.

2012 – National Seminar on Chemistry is Life

A two day (23 – 24 Feb. 2012) UGC sponsored National Seminar cum workshop on “Chemistry is Life” was organised by the department of chemistry in collaboration with Sri Krishana Science Centre, Patna and was supported by UNICEF. The programme was inaugurated by Minister of Public Health and Engineering department, Shri Chandra Mohan Rai.

Eminent Speakers were Prof. A.K. Bhowmic, Director IIT Patna, Prof. A.T. Khan, Dean, IIT, Patna, Prof. Arun Chattopadhyaya, H.O.D. Chemistry, IIT Guwahati, Sri T. Santdasani, Wash Officer, UNICEF, Prof. Pradeep K. Sharma, J.N.U. University, Jodhpur, Rajasthan, Dr. Arvind Dixit, Kanpur University, Kanpur.

A dance ballet was presented by the students of chemistry department on “Protect the Environment” A team of doctors led by Dr. Manisha Singh, Head, Department of Chemotherapy, Mahavir Cancer Sansthan and Dr. Geeta Sinha, PMCH, expressed their concern for Health risk assessment.

Queries like causes of damage to the environment; attendant means to reduce pastic usage, role of media in awareness, methods of reducing personal carbon footprint organic farming, knowledge of harmful chemical used in daily life were helpful in highlighting the importance and were also illustrative of the interest generated.

PHED, Govt. of Bihar organized the contest measures and now to improve the quality of water by models and charts.

Special Winter School

A special winter school was conducted on “Quality Improvement in Higher Education through NAAC Accreditation” from Jan. 16 – Feb. 2015 sponsored UGC. Many distinguished education its visited addressed and interacted with the participants. Dr. Ganesh Hegde, Assistant Adviser NAAC Bangalore and NAAC coordinator, Eastern region delivered useful talks and interacted with the participants for four sessions on Jan.30-31, 2015. Prof. Shukla Mohanty, Pro – Vice Chancellor, Kolhan University, Jharkhand also addressed the participants.

2015: National Seminar on Environmental Pollutant: Safety Measure and Management.

A two days National Seminar on “Environmental Pollutant: Safety Measure and Management” was organised by the department of chemistry sponsored by UGC and supported by UNICEF on Dec. 5 – 6, 2015.

Our rapid progress in the industrial age has the baggage of pollution to carry with it. Not just the advanced countries but the whole world has to focus on this seminar like these are extremely useful in addressing environmental issues of cancer.

The eminent speakers who addressed the gathering were Dr. Rakesh Verma, Chief Scientist and Head, Mumbai NEERI, Prof. Brajesh Kr. Dubey, IIT Kharagpur, Prof. Ishwar Das, UGC Emeritus Fellow, DDU Gorakhpur University, Dr. Tapas Chakma, Scientist, National Institute for Research in Tribal Health, Jabalpur, Prof. V. N. Pandey, St. Andrew’s College Gorakhpur, Dr. Bhawana Kranti, AIIMS, Patna, Dr. Rabindra Nath Tagore, Paras Hospital, Dr. Achal Pandya, IGNC for Arts, New Delhi and many more.

Since the Seminar aimed at young students to provide a platform to speak their minds on different vital issues with seminar scientist and medical doctors their active participation was our success. This will improve life style with minimum hazards. Queries and suggestion for better life through knowledge of chemistry were illustrative of the interest in general.

GENERAL PROFILE: DEPARTMENT OF HERBAL CHEMISTRY

1. Profile of the Department: Herbal Chemistry is an Innovative Course – a new horizon for the chemical sciences. It is a multidisciplinary syllabus, which may be considered as a fusion of chemistry and Plant Science / Botany. This M.Sc. course was started at Magadh Mahila College, a constituent unit of Patna University under the U.G.C. Innovative Programme after following the rules and regulations of U.G.C. and Patna University itself as a Regular Course since 2008.

Objective: The main objective of introducing this course is to study the Chemistry of Herbals. Herbs are being used by the human beings since Vedic age by the grace of ‘Dhanwantri’ – God of the medicinal plants followed by Ashwani Kumars, Maharshi Chayavan, Baidya Raj Sushen and latter it was also detailed in ‘Charak – Sanhita’. Here it is only the uses of the different parts of Herbals for different purposes, but the recent science needs our main studies of the different chemical constituents of the plants and to co-relate their presence with their utilities, viz. Tulsi, Neem, Amla, Sahajana etc are being used for health as medicine, as cosmetics, as nutrients etc in daily life but as chemist we will have to analyse the constituents of plant responsible for curing cough, constituents responsible for their cosmetic uses and for nutrient values. It has been found that every plant being used blindly as whole produce some side / toxic effects – which may be removed after their detail studies in the light of chemistry. If we study the chemistry of the different chemical constituents found in the specific plant we separate that constituent, the quality of medicine or cosmetic or food may be better. Here it is to be noted that extraction and separation of the chemical constituents will also help in future for better “Plant / Herbal Management”. This will alert our previous faults done towards the “Mother Nature”. We have seen that the blind cutting of forests and our greediness has created the “Environmental – Errors” which is the greatest challenge for our survival. If a chemist separates and analyses its constituents and link their utility with their chemical structures – we may use the one kilogram plant materials for many purposes equivalent to ten kilogram materials for many purposes - as it has been found that different extracts in different solvents have their different uses - some as medicine some as pesticides, some as cosmetic. The chemistry of herbs and their studies are necessary as the world’s main researches are under the pressure of side effects of medicines used for many diseases. Herbs are found to produce 50% of the medicines in different medicinal methods like Ayurved, Homeopathy, Chinese, Tibbi – Unani and also in Allopath. This huge utilization of the natural gifts will again create the shortage of Herbs in future, which can be checked by our theme “Maximum Utilization from Minimum Quantity” and this can be achieved by the enhancement of Researches and Studies through this new area of chemistry. Then in future we shall use the same amount of Herbals for the flavonoids etc as antioxidants to prevent Cancer, at the same time the other extract will be utilized for other purpose.

The studies of structures of chemical constitutes will create “Better National Economy Source” then we shall use the wastes from plants for production of Natural dyes. This

will clear why some families of plants are utilized to cure Diabetes but some are carcinogenic

Vision: The study of Herbal Chemistry may be projected as a professional course.

- (1) The students passing it are eligible for their placement in 'AYUSH' - related laboratories like PLIM – Ghaziabad, CDRI - Lucknow, Quality Control Laboratories.
- (2) The students of Magadh Mahila College are permitted by the AYUSH, Delhi and some students after being trained at PLIM, Ghaziabad are placed at GALFA, SBL Homeo Lab, Haridwar etc.
- (3) They may be placed as chemist in the Laboratories of Central and State Government's Quality Control Laboratories.

GENERAL PROFILE: DEPARTMENT OF MATHEMATICS

1. Profile of the Department: The department of Mathematics in Magadh Mahila College was established in 1948. In the beginning, teaching of Mathematics was confined here up to Intermediate level only. Subsequently, Degree and Honours classes were started. But after 2007 intermediate teaching was discontinued under the policy decision of Patna University.

The first head of the department of Mathematics was Professor Munna Rani. There after Professor Chandra Kala Rajgaria and Professor Shipra Biswas headed the department successively. Professor Dr. Rashmi Jaishwal took over from Professor Shipra Biswas in October 2003. She retired in September 2009. Since then the department has been functioning with a single regular teacher Dr. Poonam Kumari.

The department works hard to motivate the student to develop a keen interest in the subjects and the students are given the opportunity to discuss their problems and doubts in free period also apart from the class periods.

It is the consequence of the hard and dedicated work of the teachers of the department that the result of the students of the department in University Examination has been very good.

The students of the department are also encouraged to take interest in extra curricular activities organized by the college and other institutions.

The result of the first stage of the Quiz Competition was declared on December 17, 2012, and on the basis of the merit list, six teams were selected to participate in the final stage of the Quiz Competition. Among these six teams, two teams were from B.N. College, two from Magadh Mahila College, one from Patna Science College and one from Patna Women's College.</p> <p>The final stage of the Quiz Competition was an oral test and it was held on December 19, 2012. The result of the final stage of the Quiz Competition was declared on the same day just after the Competition was over. Team from B.N. College was declared as the first winner team.</p> |
| 2. | Workshop on "Mathematics Curriculum for Under Graduate Courses" | December 13, 2012 | Department of Mathematics, Magadh Mahila College organized a college level Workshop on "Mathematics Curriculum for Under Graduate Courses", in which various eminent professors of Mathematics including Prof. R. N. Das, Prof. Vinay Kanth, Prof. B.G. Prasad and also Prof. Arun Kumar Sinha, Principal, Patna Science College participated. |
| 3. | Invited talk | December 21, 2012 | Department of Mathematics, Magadh Mahila College organised the Prize Distribution Ceremony of the Quiz Competition on December 21, 2012 in which all the prize winners were awarded prizes and merit certificate. On this occasion, a talk on the topic 'Generating Common Mathematical Functions' was also delivered by Prof. Amarendra Narayan, Department of Physics, Patna University. |
| 4. | Inter College Mathematics Quiz Competition | Stage I : January 31, 2014 Stage II : February 13, 2014 | <p>The Department of Mathematics, Magadh Mahila College, Patna organized an Inter-College Mathematics Quiz Competition in January/February 2014, which was held in two stages. The first stage was a written test consisting of objective questions and it was held on January 31, 2014. Eighteen teams (each comprising three participants) from various colleges of Patna University and other universities participated in it. The result of the first stage of the Quiz Competition was declared on February 6, 2014, and on the basis of the merit, five teams were selected to participate in the final stage of the Quiz Competition. Among these five teams, one team was from Patna Science College, two were from A.N. College, one from Magadh Mahila College and one from Govt. Women's College, Gulzarbagh.</p> <p>The final stage of the Quiz Competition was an oral test and it was held on February 13, 2014. The result of the final stage of the Quiz Competition was declared on the same day just after the Competition was over. The team from Patna Science College was declared as the first winner team and the members of this team were: Shiv Shankar Mishra, Aswini Kumar Mishra and Ravi Anand Kumar. The second winner team was from A.N. College and the members of this team were: Ajeet Shankar, Saket Shanu and Aditya Suman. The third winner team was from Magadh Mahila College and the members of this team were: Rashmi Radha, Rupa Kumari and Priya Kumari. The winners of the Quiz were all students of B.Sc. Part-II.</p> |
| 5. | Invited talk | February 18, 2014 | Department of Mathematics, Magadh Mahila College organised the Prize Distribution Ceremony of the Quiz Competition on February 18, 2014, in which all the prize winners were awarded prizes and merit certificate. On this occasion, a talk on the topic 'Applications of Mathematics in different fields' was also delivered by Prof. B.G. Prasad, Head, Department of Mathematics, B.N. College, Patna. |

GENERAL PROFILE: DEPARTMENT OF PHYSICS

1. Profile of the Department: The Department of Physics has obtained high reputation for the quality of its academic activities. The department is pioneer in initiating computer education to young girl students of the state of Bihar. It is actively involved in popularization of science and creating scientific temperament among young people and organizes various programmes regularly to share knowledge with peer groups. The department is the mentor of the department of computer Application where three courses BCA, PGDCA and CIC are run. The department also manages the department of Statistics which was started in our college from the session 2014-15.

18.Future Plan of Physics Department

Vision:

1. To develop a well equipped hardware testing laboratory in the Department of Physics where the students can test their electronic equipments & circuits.
2. To setup laboratory for advance Physics experiment.
3. To introduce a short time training course in Electronics
 - a) Study of Dielectric Constant and Curie Temperature of Ferroelectric Ceramics
 - b) Planck's Constant by Photoelectric Effect
 - c) Hall Effect Experiment
 - d) Dependence of Hall Coefficient on Temperature
 - e) Magnetic Hysteresis Loop Tracer
 - f) Study of a Transistor Amplifier (R C Coupled) Cum- Feed Back Amplifier
 - g) Study of Hybrid Parameters of Transistors Potentiometer Error Detector

GENERAL PROFILE: DEPARTMENT OF STATISTICS

1. **Profile of the Department:** The teaching of Statistics at undergraduate level was started in the College from academic session 2014-2015 with the proper permission from the Government of Bihar. Statistics is a very important subject for science as well as social science students. Currently there are two batches running B.Sc. (Hons)–Ist year and B.Sc. (Hons) – 2nd year.

GENERAL PROFILE: DEPARTMENT OF ZOOLOGY

1. **Profile of the Department:** Department of Zoology was established in the year 1948 as Biology Department. In the year 1966 it was independently established as Zoology Department.

In this department the classes of Zoology up to Hons level as well as practical classes and exams are held regularly. In the departmental library there are around 125 books which are helping the students in their studies. The department organizes educational tours for the students as well.

A good number of girls go for higher education to different branches like Microbiology, Biotechnology and Biochemistry and so on to different states and universities. The main characteristic of this department is its result. Almost 90% of the girls get first grade every year. A number of girls participate in other activities in the college as well as in inter-university level with the help of the teachers and get awarded.

Objectives: We are always available to students to counsel them on their future career prospects including further studies and job avenues open for them depending upon their capacity, capability and resources available to them.

16. FUTURE PLAN OF DEPARTMENT OF ZOOLOGY

The emergence of life sciences at the forefront of science and technology in 21st century is remarkable. Zoology has become even more interesting subject with the advances in genetics and molecular biology techniques that are providing fascinating insights into different aspects of animal life. These advances have also revealed the striking genetic or functional similarities between animals and humans. Our understanding of the animal communities, behavior, ecosystems, biodiversity has also advanced significantly. In order to keep abreast with the latest developments in the life sciences, the undergraduate students need sufficient exposure to the recent advances and latest techniques. Keeping this in mind we propose to upgrade the Department of Zoology of Magadh Mahila College, Patna in such a manner that will help us to cope with the growing need to introduce latest developments in the concerned field.

VISION

1. To build a modern teaching platform for the undergraduate zoology students.

2. Introduce interdisciplinary and practice based laboratory teaching for a holistic student development in the concerned area.
3. New topics have been introduced which require a different set of experimental work. The experiment related to genetics and biochemistry can not be conducted due to the unavailability of equipments and proper laboratory resources. So renovation of existing laboratory and equipments is needed urgently.

SPECIFIC AIMS

1. Update the laboratory with specimens, new instruments and reading material. The most essential requirement in the current scenario is updating of the laboratory with new specimens such as preserved whole animals and slides.
2. New instruments such as high power microscope with attached camera, monitor and digital storage devices will be purchased. Latest text books, national and international journals and online version of relevant papers for research orientation will be required.
3. Use the latest developments in information technology (IT) in improving the teaching methods: One of the most important modernizations in undergraduate education is the involvement of IT. We aim to get the department connected with rest of the world through the internet, conduct interactive classroom sessions with experts from other universities and attend seminars of national speakers. In this proposal, we propose to include the following basic IT related changes:
 - (a) A high speed internet and ultimate download size.
 - (b) An appropriate computer or a laptop dedicated for the educational purpose in the department.
 - (c) A projector dedicated for classroom/ laboratory of the department of Zoology.
 - (d) Communication software and audio visual tools for interactive sessions in the laboratory and classroom.
4. A small animal house for sustained maintenance of some species such as mice, certain fish and temporary storage of freshly collected live specimens. This is particularly important in having a non-stop supply of fresh specimens like fish, mice and rodents, toads and rabbits. It will also help the department of Zoology, MagadhMahila College, Patna in conducting small demonstration projects for the students. Test can be performed and analyzed.

GENERAL PROFILE: DEPARTMENT OF HISTORY

1. Profile of the Department: The Department of History started in 1946. Initially only Intermediate Classes were started in the Bankipore Girls High School, Patna. Honours teaching started in early sixties. In the beginning classes were held in Patna College. In 1968 this practice was stopped and B.A. (Hons.) and B.A (Pass) started. In 1984 Post Graduate teaching was also started, but it could not be continued further after 1986 due to paucity of teachers. From 2008, teaching in History in Intermediate Classes have been terminated under the policy of 10+2 system of school education. History has been and is a popular subject and students opt this course in large number.

Mission: To introduce study of Museumology and tourism

Vision: To enable students get acquainted with Indian Art & Culture
To encourage scientific approach of the subject.

GENERAL PROFILE: DEPARTMENT OF HOME SCIENCE

1. **Profile of the Department:** Department of Home Science came into existence with the establishment of Magadh Mahila College in 1946 with the introduction of intermediate and undergraduate teaching under the leadership of Mrs. Shakuntala Singh for 11 years. After a long time PG course was introduced in **1984** with the aim of imparting higher education in Home Science for the students of Home Science. This **PG** Department of Home Science is the only university department which is presently located in Magadh Mahila College campus and functions for all administrative and professional activities of the university department. The department strives to inspire the students to develop a keen interest in the subject. This subject is very popular among students. . For the students, to study the course of employment opportunities are unlimited. The importance of Home Science is in Medical Science in addition to other areas. From the very beginning the department was well known for its high standard and discipline. Our results have been excellent and our students are rankers in the University. Their skills are carefully nurtured and supervised by the teachers. As a result many of our ex-students are actively engaged in research, NGOs like ICDS, UNICEF etc. The students passed out of this department are very well established and holding good positions in their respective organizations. The teachers published research papers in national and international journals. The vision of the department is to train young girls/women as prudent scholars and competent professionals capable of becoming ambassadors of graceful service to family and to society and equip young women to cope with the challenges of the times by fostering self respect and self reliance, promoting divergent thinking and cultivating a knowledge culture. We are working to ensure the all-round development of students by providing value-based education and train them to be strong to face challenges and reality of the life.

GENERAL PROFILE: DEPARTMENT OF POLITICAL SCIENCE

1. Profile of the Department: The Department of Political Science came into being in the year 1946 since the inception of this college. This is one of the premier Department of the College. Since Political Science was a popular subject, its Honours teaching started in the year 1976. The Department started post-graduation course from the session 1984-1986 and functioned smoothly till the session 1990-1992. But from 1992 onwards the Department restricted its course up to Graduation (Hons.) level. The Department has introduced classes of Group Discussion from, September 2006, which is mentioned in our departmental routine. It is held every Saturday. Apart from the conventional course the Department has started U.G.C. sponsored ‘**Remedial Coaching Course**’ at under - graduate level for SCs/STs/OBCs and Minority Communities students in 2010. The Department trains students not only in academic subjects but also in creative arts, social service, leadership and environmental awareness. The Department also solves the problem of the students through personal interactions, counselling and Parent Teacher Meet. The ‘**Students Counselling Centre**’ for adolescent and young students has been formed and successfully run by the Department. The purpose of the Counselling centre is to provide a free, confidential, personal/professional Counselling service to all students of the College. The Department has produced lots of genius Administrators, Academicians, Legal Luminaries, Social Activists, Media Persons and others, who are excelled in their respective fields.

Vision of the Department – To ignite the young minds, to become good human beings in general and committed citizens of India in particular through inculcating the power of moral values, change in mindset, self confidence, dedication, sincerity, will power, self control & discipline. To provide holistic education to the (girls) students to face the challenges of modern times and can become future leaders.

Mission of the Department –

- To provide quality teaching – learning environment.
- To promote all round development of the girl students’ abilities & personalities.
- To create & promote cultural & environmental awareness among the students.
- To sensitise the issues of gender equality & human rights.
- To create the spirit of self reliance among the students.

GENERAL PROFILE: DEPARTMENT OF COMPUTER APPLICATIONS

1 Profile of the Department: Department of Computer Applications was established in July 2000. Magadh Mahila College is one of the few premier girls' colleges, which provides quality education in **Computer Applications**. The B.A. / B.Sc. (Vocational) Three Years Degree

Course in Computer Applications (BCA) programme was introduced in the year 2000. The Post Graduate Diploma in Computer Applications (PGDCA) was introduced in the year 2004. These courses are specifically aimed at developing competent software professionals to meet the demands of the fast growing IT industry at a global level. Our students have been doing extremely well and secured **top positions in the final university**

examinations of Patna University. The thirteenth batch of our students graduated in 2015. It's a matter of pride for the dept that for the fifth consecutive year all students passed in first class and the dept achieved 100% result. Our student Ms. Sonam Kumari secured 1st rank in the final university examination in B.Sc.(C.A.)

The course is designed so that it emphasizes both theoretical and practical aspects. The department imparts computer education to students through classroom lectures; computer aided teaching materials, seminars, assignments, visits to Industries, project work and arranging guest lectures by eminent IT experts. Apart from activities to excel in academics, students are also encouraged to actively participate in seminars on IT, cultural activities, NSS, NCC and sports for all round development of their personalities. Our students are now employed with reputed organizations in India and abroad viz Infosys, TCS, American Express, Stock Exchange Corporation, Philips India etc.

The department has grown tremendously under the efficient supervision of **Prof. Padmavathy Srinivasan**, the founder Coordinator of this programme and all the Principals, who have extended their full support and constant encouragement. The department is particularly indebted to the Ex-Principal **Late Prof. Phullara Sinha**, who was instrumental in establishing the department. Starting with only five computers donated by **Smt Kamala Sinha, MP**, presently there are 64 systems all networked having broad band internet facility; fully air conditioned laboratories and a fully computerized seminar library.

The young and dynamic team of visiting faculty members and support staff who have worked with dedication, devotion and discipline have contributed largely towards the

extraordinary growth of the department. Without their active participation the department would not have developed so much in such a short span of time.

Apart from imparting teaching for regular courses e.g. **B.A/B.Sc. in Computer Applications** and Post Graduate Diploma in Computer Applications (**PGDCA**), the department also runs a short course in **Computer Applications (CIC)** to benefit all students, teachers and staff of the college.

Our mission is to make all the students and staff of this college IT savvy. The department in association with the Academic Staff college, Patna university also organizes the **UGC sponsored Orientation courses and Refresher courses in IT and e-learning for the university teachers.**

The functioning of the department is monitored by an advisory committee comprising of the Principal, senior professors and experts in the field of computers and IT.
