Reforms in Continuous Internal Evaluation (CIE) System at the Institutional level:

Assessment of performance is an integral part of teaching and learning process. CIE plays an important role in preparing the students for final university exams. Since the under graduation program is conventional in nature, there is no provision of CIA at UG level but college has undertaken many steps for the benefit of the students:

- **Sent-up Committee** is constituted to look after the students attendance records in Honours and subsidiary papers. A good percentage of attendance speaks volumes about the student's sincerity. Students whose attendance is less than 75% need to do extra classes or are given assignment to get the desired percentage. **Monthly attendance record** is displayed on the bulletin board
- **Class Test and Terminal Examinations** are conducted
- **Sentup Examination** is conducted on the pattern of final examination to prepare the students for the same. This includes both, practical and viva-voce examinations
- Results of these examinations are shown and discussed with the parents in the **Parent-Teacher Meetings**
- Students securing highest marks in the sent up examination and highest attendance percentage are felicitated in the Annual Function of the college

For PG Program

CIA is the integral part of Semester System at PG level which plays an important role in the students' final result as it is a 30 marks examination. Departments having PG program have undertaken following reforms:

- **Orientation to CIA** – Students are made acquainted about the marks distribution. 30 marks under CIA are divided which are as follows: 15 marks for written exam, 5 marks for assignment, 5 marks for presentation and 5 marks for attendance and behaviour
- **Result analysis and review** – Each student is shown her marks with the answer sheet. Teachers discuss the best answer in the class as an example. Slow learners are handled separately by the teachers. The results are reviewed in the departmental meeting to give necessary feedback for the improvement of students' performance.
- **Progress reports and parents meeting** – Whenever necessary, the parents are recommended to visit the department to make them aware about their ward's progress
- **Remedial classes** – it is conducted for slow learners and students who have participated in extra-curricular activities like sports, NCC and NSS

Innovative practice – Students are guided to perform curriculum based minor research under CPE scheme
